While recognizing that those sections are the chosen home of the peach, the Executive Committee believes it is possible to show that in other parts of the State other fruits may be grown with fully as much profit and to a degree as near persection as have resulted from peach culture in East and Southeast Texas.

For instance: In South Texas there is such a variety of soil and climate in combination that it is believed the South Texas peac can be given a fame equal to that of the Texas peach; while in West Texas, according to statements received at World's Fair headquarters, apples of a variety and excellence little thought of now may be easily grown at large profit.

HILL GETS THE WISCONSIN. Central May Become a Part of the

Northern Securities Merger. REPUBLIC SPECIAL.

REPI BLIC SPECIAL.

Chicago, Ill., Dec. 16.—It was stated on good authority to day that the Northern Securities Company has acquired, or is acquiring, a controlling interest in the Wisconsin Central Railroad.

Affairs in the traffic world have been shaping themselves of late in a manner that would clearly indicate that, if James J. Hill is not the owner of a large share of Wisconsin Central stock, that railroad is working in close harmony with the Northern lines.

In explanation of Mr. Hill's desire to obtain the Wisconsin Central, it is stated that he wants to get a larger hold on the traffic between the great Northwest mid the Einst. The common stock of the Wisconsin Central issue is 17,00,000, up or for real \$12,00,000, and the funded decht \$25,50,500. The company has 1,000 miles of road and an earning capacity of about \$6,000,000.

MAY EXCEED 10 PER CENT.

Railroads Agree That Preight Raise Is Not High Enough. Chicago, Dec. 16.—When the Central Traf-fic Association roacs, at their session in Chicago two weeks ago, considered an ad-vance in freight rates, it was deemed in-advisable to make a greater raise in com-modity rates than 16 per cent. The traffic officials of the Chicago east-beared roads were in session all decreases. The traffic officials of the Chicago east-bound roack were in session all day to-day and fought over the proposition to make further nivances on "muary !.

Owing to the opposition of some of the roacs, which claimed that the rates here-tofore agreed on were as high as warranted by existing conditions, and that a furtheir roise might do great barm by reducing the volume of traffic, the matter was referred without recommendation to the general meeting of the Central Freight Association, which meets here to-marrow.

Illinois Supreme Court Upholds Law in Relation to Mechanics' Liens.

REPUBLIC SPECIAL.

Springfield, Ill., Dec. 16.-The Supreme Court uphols the constitutionality of section 24 of the act revising the law in relatien to machanics' liens. This law has been in force since June 35, 1805, and never before was passed upon.

The case in which the court sustains the law is the appeal of the West Chicago Park Commissioners against the Western Granite Company. The judgment of the trial court

By the court's judgment the city of Chicago will have to pay a second time for work contracted for by the West Park Commissioners.

On October 4, 1838, the Park Commissionets contracted with John Sargeant to build ets contracted with John Sargeant to build a sidewalk. The Western Granite Company furnished Sargeant the cruished granite used in construction. Atterwards the company gave notice of a mechanics lein to the Park Commissioners for \$1.00.10, due them for material furnished. Atthough the notice of icin was received and filed the commissioners disregarded the claim of the company, and on November 10, 1829, 1830ed warrants to Sargeant for the balance due him. A case was taken before the Master in Chancery, who reported there was due the Western Granite Company the full amount claimed, together with interest and solicitor fees. Furning the pendency of the suit Sarclaimed, together with interest and solicitor fees. During the pendency of the suit Sargeant was discharged in bankruptcy.

The Supreme Court affirms the case of Harry Du Bos, who was sectenced in May in Cook County on a charge of chiaining money by means of a chifdence game, to serve an indefinite sentence at Jonet.

With the aid of other persons DuBois obtained about \$5,90 from Mrs. Laura G. Yet all this is the result of poor digestion, an insidious form of Dyspepsia, which can only be cured by a remedy specially intenied to cure it and make the digestive organs act naturally and properly which can only be cured by a remedy specially intented to cure it and mala the digestive organs act naturally and properly digest the food caten. Bitters, after-dimerpills and nerve tonics will never help the trouble; they don't reach it. The new medical discovery does it is catled Stuart's Dyspepsia Tablets, and is a specific for dyspepsia and indigestion, it cuttes because it thereoughly digests all wholesome food taken falso the stomach, whether the stomach is in good working order or not.

Stuart's Dyspepsia Tablets, by digesting the food, instead of making the worn-out stomach do all the work, gives it a much needed rest, and a cure of dyspepsia is the natural result.

When you are nervous, run down and sleepless, den't make the common mietake of supposting your nervous system resist treatment and fill your stomach with powerful herve tonics, which make you feel good for a little while, only to tall back fatther than ever.

Your nerves are all right, but they are starved—they went food.

Nouthis them with wholesome every-day food, and plenty of it, well directed, and you can laugh at nerve tonics and medicine. But the nerves will not be nourished from a weak, abused stomach, but when the digestion has been mails perfect or the use of this remedy all nervous symptoms disappear.

Who ever heard of a man or woman blessed with a vigorous direction and good appetite being troubled with their nerves? Good direction means a strong nervous system, abundance of energy and capacity to er joy the mod things of life.

Stuart's Dyspeps, Tablets will certainly set your stomach and digestive organs right; they can't belb but do it, because they nourish the brdy by digesting the food caten, and rest the stomach.

You get nourishment and rest at one and the same time, and that is all the worn-cut dyspeptic needs to build him up and give new life to every organ and an added zest to svery pleasure.

Stuart's Dyspersia Tablets are a godsend to the army of men and women with weak stomachs, weak nerves, and justly merits the claim of being one of the most worthy medical discoveries of the time.

New York, Dec. 15.-A Philadelphia firm cording to a Press dispatch from that city has received an order from the Japaness Government for several X-ray machines which are to be used for a novel purpose. The firm some time ago sold to a representative of the Mikado an X-ray machine, which, the Japanese explained, was to be used in the sovernmental mints in Japan for the detection of dishonest employes who stole gold coins by swallowing them.

The machine was used to examine subjects as they left the mint daily, and, of course it revealed the presence of any coins in their midst. The test was so satisfactory that the Mikado ordered several more machines, hoping to prevent the form of theft referred to. city, has received an order from the Japan-
